SR2 double doorset

SR3 doorset

SR4 doorset

Steel Security Doorsets

- **Made to bespoke sizes to suit your openings.** There are no standard sizes: every doorset is made to the measured opening.
- Supplied and installed by MerFen Security for retail and commercial premises, for a single replacement or across multiple sites.

	SR2	SR3	SR4
Rating	LPS 1175 B3 (SR2), Issue 8. LPCB-certified	LPS 1175 SR3, Issue 7	LPS 1175 D10 (SR4), Issue 8
Configurations	Single or double; inward or outward opening	Single or double; outward opening only	Single or double; outward opening only
Hardware	Personnel or panic hardware	Multipoint locking; push-pad or lever sets	Single or multi-point bolting; panic and escape options
Applications	Retail staff entrances and stockrooms, schools, leisure and communal areas	Cash rooms, retail security areas, warehouses, substations	Banks, utility buildings and substations

LPS 1175 is the LPCB standard for intruder-resistant doors. Issue 8 codes pair a tool category with a test time: B3 is category B tools for 3 minutes, and D10 is category D tools for 10 minutes. SR3 doors are rated under Issue 7.

Finish and options

- Colours: over 150 RAL and BS colours. Popular choices include RAL 7016 Anthracite Grey, RAL 9005 Jet Black, RAL 9010 White, RAL 9006 White Aluminium, RAL 5002 Ultramarine Blue and RAL 6001 Emerald Green. Final colours are confirmed against a physical sample.
- Hardware: 3-point locking sashcase, push-pad exit lock case, lever furniture for personnel doors and push bar to EN 1125. Options depend on the doorset specified and its certification.
- Access control: card and fob readers, keypads, push-to-exit buttons, maglocks and break glass units, added when the door is fitted.

Survey, installation and aftercare

- Free site survey before any quote, with each opening assessed on site.
- Written specification and quotation.
- Doorsets fitted and handed over, with staff training at handover.
- Maintenance contracts available. MerFen Security is SafeContractor accredited.
